SPRING / SUMMER 2021

Now in our 7th year, Boardies® continues to grow and push the boundaries of swimwear design, aesthetics and innovation for 2021. As the world is changing, we continue to evolve our designs, whilst keeping the best sellers in the collection for future customers.

Signature styles such as Fresh Prince, Balloon Animals and Mexican Masks make another appearance, alongside Jungle, Leopard and our classic Tropicana designs. Skulls print makes a return in a reverse black base colour, offering some rock n roll edge against all our pastels.

As always, all Boardies® original artwork is created exclusively by our inhouse team and by artist friends we collaborate with. Notable designs including Ocean and Dinosaur prints by Sydney based street artist MULGA, who we originally worked with in 2019 on a number of best selling styles. Also this season, Boardies® has created shorts with Parisian artist Bebar, featuring Daiquiri cocktails and whose work has exhibited in the streets and galleries all over the world!

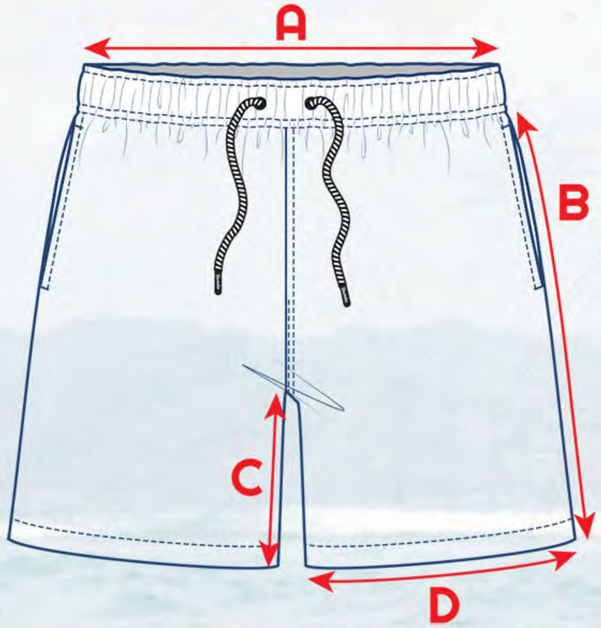
Exploring a spiritual and mystical theme, Boardies® has also created new hand drawn artwork featuring Tarot Cards, Astrology and the Cosmos, that offer further curiosity, depth and meaning to our designs.

Please remember Boardies® offers a number of these unique styles in both the Kids shorts and matching men's shirts made from sustainable fabrics.

Hope you enjoy the new collection! Boardies®

Boardies® are made from premium super soft quick dry fabrics, crafted by our master pattern maker to ensure a perfect shape, fit and style.

The shorts come tailored in 2 lengths, the SHORTIE and the Classic MID LENGTH running from size Small to XXXL.



MIDS:	S	M	L	XL	XXL

Bebar
BSBEB2

"From graffiti to contemporary art, urban art has evolved to take different forms over many years. Born in 1993, Bebar is part of this movement and stands out for his versatility and the duality of his art, between graffiti mastery and academic know-how, between figuration and abstraction. The work of the Franco-Spanish urban artist, a graduate of the École Nationale des Arts Décoratifs in Paris and the Parsons School in New York, is expressed in various forms such as painting, illustration, sculpture and tattooing. The artist's "Bebarbarie" extends from the walls of the French capital to the art galleries. His colourful, abstract and organic motifs seem to melt and engulf cartoon-like characters. Bebar is now an established and recognized artist in urban art.

MULGA

Mulga is a street artist from Sydney Australia, famous for his murals from Bondi Beach to Byron Bay.

Bold colours, cartoon animals, palm trees and beards all feature throughout Mulga's distinctive artwork.

In 2016 Boardies® first discovered Mulga whilst visiting Sydney and in 2019 we collaborated in 3 unique styles that became best sellers. Make sure you check out the Dinosaurs and Ocean designs for SS21.
