

ARCADE

SPRING & SUMMER - 2022

STRAP IN. VENTURE OUT.

Arcade was founded on the belief that belts could be designed to function better, last longer and be more comfortable. Developed from the ground up with materials that are built to go everywhere and anywhere, each Arcade belt provides a custom fit, sturdy hold and the right amount of flexibility to move with you.

Arcade belts are comfortable, durable and functional. They have the perfect amount of stretch that moves with you. Whether I am in the mountains, traveling or going out in New York I wear an Arcade belt because it simply works best.

– Jimmy Chin
Athlete Ambassador / Professional Photographer

ARCADE

CHANGING THE WAY YOU THINK ABOUT BELTS.

To build a better belt, you have to start with better belt parts. We design and build our own webbing and work with the best yarn manufacturers, so we know our belts are comfortable and durable enough to last a really long time. We use custom-made buckles that are low-profile and high performance. And we add in a dash of magic, because why not? It all adds up to a worthy multi-functional companion for all your adventures.

COMFORTABLE

You might forget you're wearing it, but your pants won't forget who's boss.

DURABLE

Lightweight yes, but tough as nails. Built to withstand years of adventures.

MULTIFUNCTIONAL

Built to go everywhere without ever letting you or your pants down.

JIMMY CHIN

THE REAL-LIFE JAMES BOND OF HIS TIME

If there was a real-life James Bond, it would be Jimmy Chin. He's trained in martial arts. He can climb and ski pretty much anything on Earth, with multiple first ascents to his name. He's a photographer, an Emmy and an Oscar award-winning filmmaker, and an environmental advocate. He's a badass, an icon, a legend, and we're honored he wears our belts. We told Jimmy that he could have any colorway he could possibly imagine for his signature belts. He insisted on all black.

'ARCADE + JIMMY CHIN

COLLABORATION

When Jimmy Chin asks you to make him a custom belt, you don't think twice. We took our tried and true Adventure and Capture belts and created two blacked out, low profile designs with custom patch details. Comfortable, Durable & Functional... Just the way Jimmy likes it.

10% of sales for each Jimmy Chin belt will be donated to Protect Our Winters, a nonprofit organization.

SANTA CRUZ

OLDEST SKATE COMPANY IN THE WORLD

When it comes to iconic brands that we look up to, Santa Cruz is at the top of our list. Santa Cruz is also the oldest continuous skateboard company in the world. The “Screaming Hand” is recognized widely throughout the skateboarding community and beyond. Recently this iconic graphic's 30th anniversary was celebrated with a touring exhibition. With all of that history and heritage, we're more than excited to release our Arcade + Screaming Hand collaboration belt!

JOSE MENDEZ

GRAPHIC DESIGNER AND VISUAL ARTIST

Jose Mendez is a Spanish illustrator and artist based in London. His work draws inspiration from the urban graffiti scene and skateboarding culture from all over the world. Whether it's street murals or graphic design for skateboard decks, his art is sought after by brands for his recognizably colorful and energetic style.

In Jose's life, creating and expression through art is his therapy. A life in motion and a liberated sense of expression is in the core of Arcade's beliefs. So we collaborated with Jose to bring this sentiment to our new collection, through the bold shapes, wavy lines, and vibrant colors that he's distinctly known for.
