

ARCADE

FALL & WINTER — 2022

CHANGING FOR GOOD

RECYCLED INNOVATION NOW IN ALL ARCADE BELTS

Throughout our journey to design and make better belts, we have aimed to do so in a way that is more sustainable for our environment. Proudly, we have reached a milestone. For the first time, in the Fall of 2022, every Arcade belt will be made from post-consumer, certified REPVEVE® recycled polyester. A formula of gold standard sourcing and fabrication that is fully traceable, our products now leave a smaller footprint without sacrificing an ounce of comfort, durability, or functionality. There is more work to do and we are just getting started, but we are one step closer in our ongoing fight to reduce the impact we have on our environment.

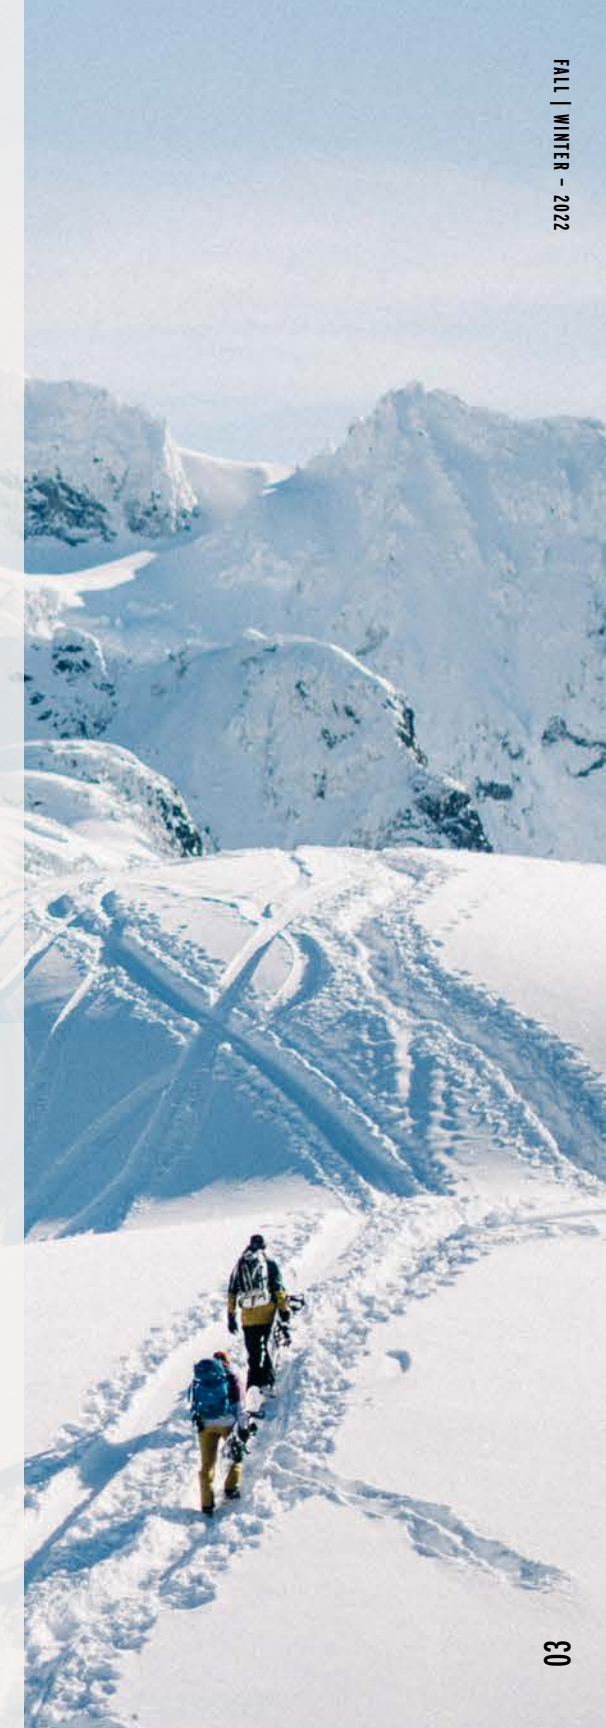

By choosing to make our belts with post-consumer REPVEVE® recycled yarn, by 2024 we expect to:

REPURPOSE
3 MILLION
PLASTIC BOTTLES

REDUCE
300K KG
OF CO2 EMISSIONS

SAVE
3.1 MILLION
LITERS OF WATER

ARCADĒ

HOWEVER YOU MOVE, WE MOVE WITH YOU.

We design with intention and build with purpose, believing that belts should move as freely as you do. That's why we choose the highest quality fabrics and most durable components for all Arcadē belts. For the first time, all of our belt webbing is woven from certified, REPREEVE® recycled yarn. While each low-profile, custom-made buckle is crafted to last a lifetime, for an unlimited life in motion.

COMFORTABLE

A perfect balance of controlled stretch webbing and low-profile buckles eliminates unnecessary bulk and pinch points.

DURABLE

Built to last a lifetime with high-quality, field-tested, performance grade materials.

FUNCTIONAL

Thoughtfully crafted for a custom fit to effortlessly flex and work with your body, not against it.

VERNAN KEE

DESIGNS INSPIRED BY HERITAGE

A truly original artist, Vernan was born and raised on a reservation without commercialized influences. His inspiration comes from something closer to heart - the land and his family. Following his time in the military, it was art and the outdoors that provided him a path to healing. This series is full of the sharp, geometric edges of traditional Navajo rugs that echo the landscape of his home. We're grateful to have Vernan share his heritage through these designs.

JIMMY CHIN

THE REAL-LIFE JAMES BOND OF HIS TIME

Oscar-winning filmmaker. Professional mountaineer. Outdoor icon. There's nothing Jimmy Chin can't do, so we collaborated with him to design two signature belts that keep pace with him as an essential part of his kit. We combined the durability and performance stretch Arcade is known for, with a sophisticated blacked out design, resulting in an ultimate blend of function, comfort, and style for a life on the move.

The Jimmy Chin x Arcade collaboration was born from a shared passion and commitment of protecting the wild places where we find adventure. With each Jimmy Chin belt sold, 10% of sales will be donated to Protect Our Winters to help communities and places that are most impacted by climate change.

STEWARDS TO THE WILD

NATIONAL PARKS

As outdoor explorers, adventurers, and just-passing-through wanderers, we deeply cherish America's National Parks and believe in protecting them for future generations. This collection is a celebration of our treasured landscapes, capturing scenes from four iconic parks, on illustrated patches and earthy hues. The best part—through this collaboration, we are supporting the work of the National Park Foundation to preserve these special places.

GRATEFUL DEAD

Masters of self-expression and independence, the Grateful Dead is much more than a hippie-fueled jam band. As seekers of meaning and connection, they created a one-of-a-kind sound and community. For this officially licensed collection, we created three unique designs emblazoned with the band's most recognizable artwork to inspire your own maverick ways.
