**THE SNEAKER FOR TREE-PLANTERS,
WAVE (AND CONCRETE) RIDERS,
AND BUSY HUMANS.**

OUR SHOES PLANT TREES

Our mission is to help restore the biodiversity and carbon-capturing potential of rainforests.

Since June 2020, we have committed to planting two trees for every pair of sneakers sold. Till date, we have planted over 1.8 million trees. Our ecological restoration work starts in the Brazilian rainforest, where only 12.4% of the forest floor remains, following widespread urbanization and agricultural logging. This biome is home to over 60% of Brazil's endangered species.

With the goal of restoring biological diversity, we plant over 120 native tree species. This restorative work allows the forest to grow and flourish over time, by reestablishing the balance that allows natural processes to function as they would without human intervention.

Our in-house team works closely with S.O.S. Mata Atlântica and CEPAN, the latter of which facilitates a collaborative working relationship with Indigenous communities. By partnering with local organizations and Indigenous leaders, our mission benefits from invaluable insights—a deep understanding of climate, soil quality, and other environmental factors—and ensures maximum impact at each planting site.

CARIUMA + PEANUTS[®]

Step into the world of Snoopy and friends, for a collection themed to **Take Care with Peanuts**. These highly collectible designs celebrate all the ways we take care, with something for the dreamers, the friends, and the skaters.

ORGANIC COTTON

Organic materials are better for you, for soil, for water, and for farmers. Our durable cotton canvas is certified by the Global Organic Textile Standard (GOTS), the world's leading textile processing standard for organic fibers. It's pesticide-free, grown with less water than conventional cotton, and results in a lightweight and breathable fiber.

NATURAL RUBBER

The foundation of OCA is our natural rubber sole, derived from the latex sap of the Hevea brasiliensis tree. Our latex is collected through ethical "tapping", to ensure the health and continued growth of the tree.

P.S. We're currently working with the Programme for the Endorsement of Forest Certification (PEFC) to certify our rubber supply chain!

Corporation

From Day 1, we've worked to strike a balance of profit and purpose—a balance that's guided every decision we make, to put people and our planet at the center of everything we do. We aspire to be an agent of change in the industry: doing things the right way, giving back, and empowering others by example.

We are honored to be a member of the global B Corp community, and part of this greater movement to make business a force for good.

OUR MATERIALS

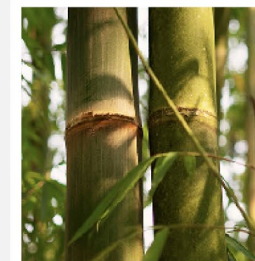

We curate premium raw materials in order to yield a smaller footprint and create high-quality sneakers that are built to last.

A BETTER LEATHER

Our leather & suede is responsibly sourced from Leather Working Group (LWG) Gold-Rated tanneries. None of our materials are sourced from any area deforested for cattle-farming purposes.

The tanning processes are powered with solar energy, and 100% of the water used to produce our leather is recycled and reused.

HIGH-PERFORMANCE VEGAN SUEDE

Our vegan suede is 3X more resistant than our animal suede. This high-durability material is made of water-based polyurethane—free of hazardous chemicals and always free of animal content. With the same luxurious handfeel, our vegan suede comes at a fraction of the carbon, water, and waste footprint of conventional, non-LWG suede.

CARIUMA

Designed for Team CARIUMA

A relaxed and lightweight silhouette, cut and sewn via our low-waste, ethical production model. Made with 100% organic cotton for super-softness and a comfortable drape.

ETHICAL FACTORIES

Our employees and craftspeople remain at the center of everything we do. Creating a safe, supportive space to come to work every day is vital to our collective well-being.

We conduct yearly audits to maintain our factories' certification in WRAP-Gold and HIGG Index, the Sustainable Apparel Coalition certification. In keeping with our Code of Conduct, our team and suppliers are committed to upholding internationally recognized principles of social justice and labor rights. Our factory partners ensure their employees earn a comfortable, living wage and adhere to a manageable schedule for a healthy work/life balance, based on International Labor Organization (ILO) policy.

OUR CERTIFICATIONS

Our factories and materials are curated and certified by the highest ethical standards of social and environmental practices. We operate with a constant evolution mindset, working to better our product and methods every day.
