

 ***DVS SHOE COMPANY FA22/Q3***

MISSION

DVS Shoes, founded in 1995, is a global footwear company dedicated to inspiring young and old to always push forward with a focus on originality, quality and innovation. We design a diverse range of performance and lifestyle footwear created for those who share our passion for all things action sports, music, art and life. Follow our story and family of brand ambassadors on social media: @dvsskateboarding

TECHNOLOGY

Vaporcell is made from a pure form of EVA foam, called TPE. This lightweight compound was originally developed by NASA, reengineered and brought into our VaporCell tooling. These midsoles offer state of the art energy return and durable cushioning, at the highest level.

VAPORCELL

Vaporcell+ is made from our specially formulated TPE. This molded footbed provides state of the art energy return and ultimate cushioning. Super lightweight and incredibly soft, combined with a PU heel insert for added shock absorption, our footbed provides superior comfort that is second to none.

VAPORCELL+

Energy Fit gore is designed to provide consistent tongue alignment with a lockdown fit. The dual energy gore connects the tongue to the outsole to keep the tongue cinched, centered, and straight.

ENERGY FIT

Isoweld Technology combines seamless support, durability, and breathability without the use of traditional stitching. Applied to key zones of select shoes, this unique construction fuses multiple layers using a proprietary welding process, creating a durable bond between materials.

ISOWELD
FUSION TECHNOLOGY

All of our DVS styles denoted as Vegan are manufactured without any animal ingredients or byproducts and can be worn with a clean conscience, if cruelty-free is your priority in footwear.

VEGAN

Flex Feel outsoles provide skaters with the ultimate board feel and control. Designed with thin, yet braced and durable sidewalls, this design technology utilizes a honeycombed midsole to offer an unparalleled, lightweight, skate experience – Like wearing nothing at all.

FLEXFEEL

Thermal insulated lining is featured on our styles made for cold-weather comfort. It is specifically designed to insulate your foot for warmth, while also providing breathability.

Heel Lock performance grade foam padding is ergonomically formed to fit the natural dip and shape of the heel, creating a lock down effect that prevents heel slip and promotes a much more stable ride.

HEEL LOCK

Our Max Lace is infused with high abrasion ballistic fabric. This high performance lace is super durable and built to last longer than the other guys.

MAX LACE

H2O resistant materials and constructions are featured on selected elevation models to help keep your feet dry and comfortable when exposed to mild precipitation. This is achieved by utilizing coatings and/or linings that are designed to repel the elements and make you dry.

This Gusseted tongue design helps prevent snow and water from entering the shoe by providing a barrier between the tongue and eyerow. It keeps the cold weather outside, giving your feet more warmth and protection.

"Cold Grip Technology" is a rubber compound designed by our team of engineers to increase traction in harsh climate conditions, specifically at low temperatures.

The Stash Pocket tongue design gives you the ability to hide your cash, money, keys, and whatever else you feel like keeping on the DL. This gives you the added confidence of knowing you won't lose your most important items when shredding.

HONCHO

Black Charcoal Turquoise Suede
DVF0000333001

Black Charcoal Red Suede
DVF0000333006

Gray Black Blue Nubuck
DVF0000333020

HONCHO

The Honcho marks the latest in Iconic style reimagined. Bold color blocking, layered upper panels and protective caps make this silhouette classic, durable and ready to be abused. Traditional rubber shell outsole construction w/ our Flex Feel technology, incorporating a lightweight internal midsole design for enhanced board feel. Herringbone plate texture promotes elevated grip and our MaxLace closure to ensure the longest lasting laces in the market. No new style is complete of course without our patented Vaporcell+ footbed for the ultimate in ride experience and energy return, designed to better absorb impact and provide all day comfort. Upper materials in Action Leather and Nubuck. Style, comfort and performance all standard in this timeless new favorite.

DEVIOUS

joao criscuolo

Black Charcoal White Suede
DVF0000326002

Charcoal Black Goldenrod Suede
DVF0000326024

DEVIOUS

The Devious is a modern day skate shoe that pays tribute to the past. The durable rubber outsole with its blocked, undulating design is reminiscent of OG styling but built with our Flex Feel technology, making it more flexible and extremely durable. The upper is a combination of suede with progressive nylons and mesh. Molded eyerow pieces add to the durability and retro-mod aesthetic. Padding is slim and modern for greater board awareness and our heavy duty Max Lace technology promotes extended lace life. Energy Fit technology secures the foot and of course, any new DVS shoe isn't complete without the ultra-comfy VaporCell+ insole that offers second to none cushioning and all day comfort.
