# SPRING 2023 COLLECTION

Last year was time to take a victory lap. 20 Years of HUF was a milestone. Now let's push it further and keeping it moving. It's simple. In 2023 it's all about focus. It starts with the skaters, creatives, artists, photographers, collaborators, and the people behind the scenes. Progression is all in the details—honing in what's important and blocking out what's not. Simplicity, color choices, quality, aesthetics, cultural commentary and always anti-trend. Doing what only we can do together.

For 2023 we're dialing it all in even more. The foundation of what's next is all about stepping up each collection with higher quality materials, and considered details. It starts with introducing a new custom tee blank we developed for an improved fit with elevated materials. We're also refreshing what's at the core. The HUF SET – our new Essentials program – elevates with modern updates and measured design choices.

Same attitude, same vision, same crew, focused and leveled up for 2023.

# HUF SET

The tried and true classics get revamped and amped up for 2023 and beyond. Introducing the HUF SET, a modern take on Essentials. HUF SET takes our core pieces, refreshes classic logos, and brings an elevated touch and premium details to the entire range.

## HUF TEE

# REDESIGNED

For Spring 2023, we completely rethought our t-shirt design from the ground up. The new HUF custom fit tee features a relaxed fit, wider neck rib, taping details through the shoulders, and a heavyweight fabric that reduces shrinkage and allows each tee to maintain its shape. Along with the new body, we elevated the entire design with custom colors, making it 100% HUF.

### 1 NEW FABRIC QUALITY

- 100% cotton jersey 18's, 200gsm
- Heavier weight fabric with dry hand feel
- Custom HUF color palette refreshed throughout the year

### 3 UPDATED FIT

- Custom Huf specs
- Relaxed, street-focused fit
- \* See size guide on page 80

### 2 REDUCED SHRINKAGE

- Fabric is prewashed to reduce overall shrinkage and torquing

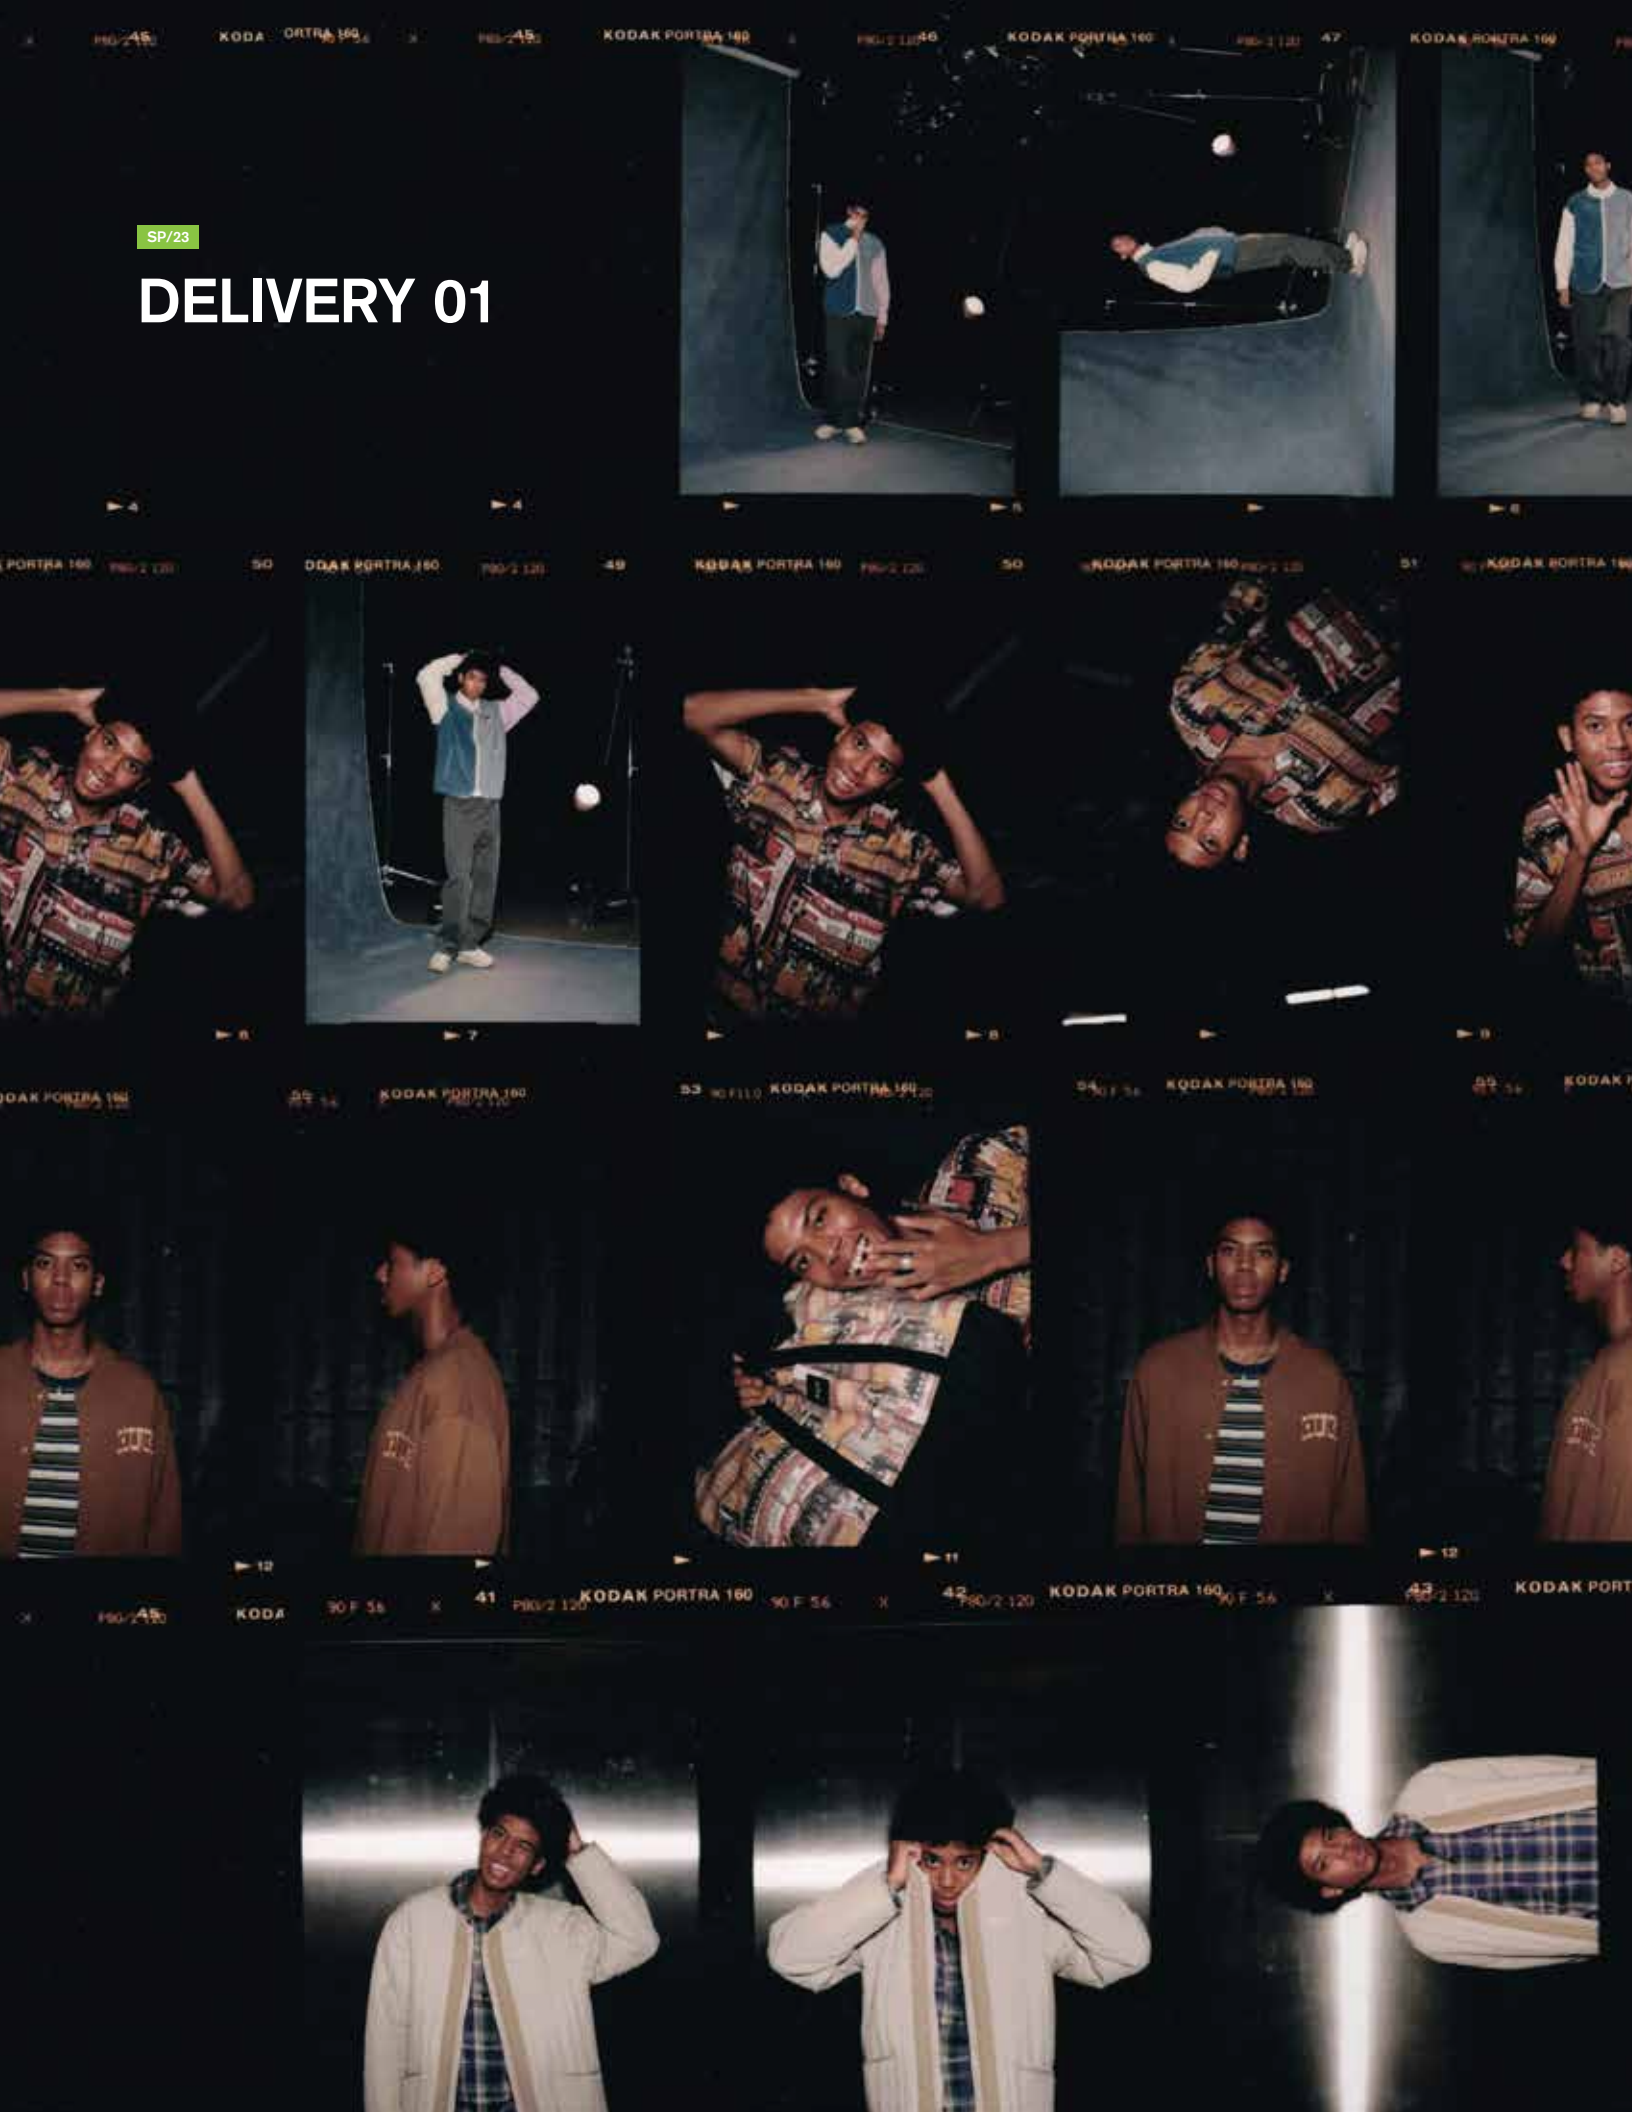

### 4 REFINED DETAILS

- Inside neck and shoulder tape to prevent tee from stretching out
- Wider neck rib with double needle stitch to prevent band from rolling or blowing out
