## SUMMER 23 COLLECTION

We're on a new horizon tip this Summer, continuing to take a look forward and delivering a new season that celebrates HUF's craft, quality, culture, and community. Summer 23 is yet another nod to the people behind the scenes – the skaters, creatives, artists, and collaborators – the ones that keep the brand progressing into the future. Look for calls for 'Unity' and a 'New Day' this season, as we push things even further into 2023.

The Summer 23 collection combines athletic and skate staples with vintage workwear and 90s-trail aesthetics. Outerwear gets reinterpreted, and all-over prints, knits, wovens, and resort-style pieces mix archival graphics and new riffs. Summer tops come through with throwback athletic pieces and surfwear-styled knits, while printables lean into early-2000 brand imagery. The new fit and quality design updates also continue this season, including new colors of the HUF SET assortment.
