STANCE IS WHAT OTHERS DON'T SEE

Something that has been ignored, taken
for granted, overlooked, dismissed.

Then we created something remarkable
from everything the others looked past.
Stance was born.

THE UNEXPECTED

Our imagination is fueled by careful observation.
It's developing the capacity to see gaps and
shortcomings.

We know convention makes it hard to see the
possibilities, but our instinct drives us to shine
bright lights on the unexpected.

CREATORS OF ORIGINALITY

By definition we are authentic, plugged in and on-trend. We're inherently connected to the cultural influencer's, creators, and instigators whose voices set the tone for what comes before the next thing.
